

You Are Important.

We provide protection for your home, car, and other belongings, but what if something happened to YOU? We now offer life, disability and long-term care solutions for personal, business and estate protection.

Protect Your Family

Personal insurance solutions provide benefits to those who depend on you so they are not burdened if your income is interrupted due to death or a disability.

These benefits can help:

- Pay for child care or education
- Pay down debt like a mortgage

Our licensed advisors can help with:

- Reducing estate tax liability
- Distributing estate assets equitably
- Gifting strategies to non-profits
- Planning for heirs

Don't leave your family or your business with financial uncertainty.

Contact us today and let us help you evaluate all of your insurance coverage needs.

Protect Your Business

Life insurance can help keep your business open when you can't.

It can be a powerful tool to protect your:

- Partners
- Employees
- Heirs

Insurance solutions can provide for:

- The transfer of ownership
- Recruitment, retention, and rewards for key employees

Protect Your Heirs

For high net worth individuals, estate planning typically involves the use of trusts and advanced planning strategies to reduce the estate tax liability of later generations.

Life insurance can:

- Leave a financial legacy
- Help heirs pay taxes without selling off assets
